

Aditi Verma

Cybersecurity Engineer | Network Security & Blockchain Enthusiast

#### Summary:

Motivated cybersecurity professional with expertise in securing networks, cryptography, and blockchain technologies.

#### Skills:

- Security: Cybersecurity, Network Security, Cryptography, Ethical Hacking
- Blockchain: Blockchain basics, Smart Contracts
- Programming: C, Python
- Tools: Linux, Git

#### Projects:

1. Implemented AES encryption algorithms in Python for secure communication.
2. Conducted penetration testing on a web application.
3. Designed a blockchain-based voting system for secure elections.

#### Education:

B.Tech in Cybersecurity, 2025
