

Rahul Kumar

Data Scientist | Machine Learning & AI Enthusiast

Summary:

Detail-oriented Data Scientist with experience in predictive modeling, machine learning, and deep learning applications.

Skills:

- Languages: Python, R
- Libraries: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, TensorFlow, PyTorch
- Domains: Machine Learning, Deep Learning, NLP, Data Science
- Cloud: AWS, GCP
- Visualization: Tableau, Power BI

Projects:

1. Built a deep learning model using PyTorch for image classification.
2. Created a natural language processing chatbot using Python and TensorFlow.
3. Designed interactive dashboards in Tableau and Power BI.

Education:

M.Tech in Data Science, 2025
